

Survival Afrikaans

A Certificate of Attendance short course

WHAT ARE THE COURSE OBJECTIVES?

Participants will be able to use Afrikaans in a basic and functional manner on campus. They will gain a basic Afrikaans vocabulary for use in campus-related communication and specific emphasis will be placed on speaking, listening, and reading. As part of the larger university context, they will also gain an understanding of the cultural value of multilingualism. This crash course is practical and interactive, and campus-related scenarios are incorporated to encourage the use of authentic language.

Non-mother tongue speakers of Afrikaans who would like to be able to converse in basic Afrikaans should register for this fun and informal course.

ANY PREREQUISITES?

This course is aimed at Stellenbosch university students with no Afrikaans knowledge whatsoever. An informal oral will be done via Teams to determine if a participant has any level of proficiency before registration can be completed.
